
Idea Navigator™ – A tool for teams

Idea Navigator can assist you to:

- Re-energise team conversations
- Enhance decision making
- Enable problem analysis
- Find solutions
- Think creatively
- Engage in innovation
- Design new ways to...

Idea Navigator gets you there fast, with more ideas, more testing, and more consensus than you would have imagined possible. It will build on your team's thinking strengths – use the analytical alongside the intuitive, and come up with great ways to generate solutions.

Thought Partners *love* Idea Navigator

- We use it ourselves for our own team thinking.
- We use it as a facilitation tool with our clients.
- We train in-house facilitators to use it with their own teams, and sell the toolkits

Ask us about a demonstration

You can have a no-obligation free hour to see/play with the game prior to using it on a real issue.
